SPEECHLP & SPEECHTHERAPIST.APP

The people behind the practice

We're a small team of speech-language pathologists, engineers and designers. We build tools we'd want for our own caseloads, with practicing SLPs helping at every step.

Our team

SLP-led, team-built.

AF

Alissa Fox

M.S., CCC-SLP

Co-founder & Co-CEO

An SLP since 2004, treating children's speech sound disorders, motor speech delays and language disorders in schools and via teletherapy. Vice President for Schools at the Iowa Speech-Language-Hearing Association.

MG

Mari Gottlieb

M.A., CCC-SLP

Co-founder & Co-CEO

Private practice owner and an SLP since 2017, treating children's speech sound and language disorders. Spent nearly six years at a brain injury and concussion clinic, and brings an advertising background to family engagement and app design.

SS

Shail Silver

Co-founder & Chairman

[One or two sentences about Shail.]

Jabali Ndungu

Head of Engineering

Leads engineering across SpeechLP and SpeechTherapist.app, and supports our data and research work. [Add a personal line.]

Matthew Siu

Lead iOS Developer

Builds the SpeechLP iPhone and iPad app and the games kids play, and supports our data and research work. [Add a personal line.]

Cindy Cheng

Designer

Designs the look and feel of both apps. [Add a personal line, e.g. the characters she's designed.]

Clinical advisors

Practicing SLPs who review our work and keep it grounded in real caseloads.

Sarah [Last name] [Credentials]

Clinical Advisor

[One line: setting and specialty.]

Marissa [Last name] [Credentials]

Clinical Advisor, Bilingual Practice

[One line: bilingual (Spanish–English) SLP, setting and specialty.]

Nina [Last name] [Credentials]

Clinical Advisor

[Confirm Nina is joining, then add one line.]
